

TGS5042-B00

Product code: TGS5042-B00

Manufacturer: Figaro Engineering
Inc.

Figaro's TGS5042 is a battery operable electrochemical sensor which offers several advantages over traditional electrochemical sensors.

The code TGS5042-B00 indicated the ribbon version.

Lower sensitivity to interferant gases, long life, good long term stability, and high accuracy, are some of the features that make this sensor ideal for CO detectors with digital display.

Measurement range

0-10.000 ppm

Target Gas

Carbon Monoxide
