

TGS5342-G00

Product code: TGS5342-G00

Manufacturer: Figaro Engineering Inc.

Figaro's TGS5342 is a battery operable electrochemical sensor which offers several advantages over traditional electrochemical sensors.

The code TGS5342-G00 indicated the pin version.

Lower sensitivity to interferant gases, long life, good long term stability, and high accuracy, are some of the features that make this sensor ideal for CO detectors with digital display.

The length of TGS5342 is 60% of the TGS5042.

Measurement range	0-10.000 ppm
Target Gas	Carbon Monoxide
Output	0.7~1.4nA/ppm
