

TGS6810-D00

Product code: TGS6810-D00

Manufacturer: Figaro Engineering Inc.

The TGS6810-D00 catalytic type gas sensor can detect both methane and LP gas and it has been developed for residential gas detection.

Thanks to the filter inside the sensor cap, its cross sensitivity to alcohol is small. Moreover, TGS6810-D00 is durable against silicone compounds.

Application field	Domestic
Target Gas	LPG Methane
