

## SK-25F

**Product code:** SK-25F

**Manufacturer:** Figaro Engineering Inc.

The oxygen sensors SK-25F manufactured by Figaro is a galvanic cell. Main features are linearity up to 30% O<sub>2</sub> and no influence from CO<sub>2</sub>.

SK-25F cell is ideal for several applications where is necessary to monitor the oxygen levels like food industry, biomedical field and domestic.

<b>Life expectancy</b>	About 3 years
<b>Measurement range</b>	0-30%
<b>Target Gas</b>	Oxygen
<b>Response Time</b>	< 15 seconds (T90)
