

SK-25F

Product code: SK-25F

Manufacturer: Figaro Engineering Inc.

The oxygen sensors SK-25F manufactured by Figaro is a galvanic cell. Main features are linearity up to 30% O₂ and no influence from CO₂.

SK-25F cell is ideal for several applications where is necessary to monitor the oxygen levels like food industry, biomedical field and domestic.

Life expectancy	About 3 years
Measurement range	0-30%
Target Gas	Oxygen
Response Time	< 15 seconds (T90)
