

## EDI080301NG

**Product code:** EDI080301NG

**Manufacturer:** Edinburgh Sensors

Guardian NG is a stand-alone analyzer, with infrared sensor technology.

It is easy to install and require minimum set up. It has a LCD display integrated and digital alarm set-point controls.

The Guardian is housed in a robust plastic IP54 rated enclosure to prevent the ingress of particulates and water.

The version EDI080301NG has range 0-3%.

<b>Power Supply</b>	from 90 to 260 VAC
<b>Measurement range</b>	0-3%
<b>Target Gas</b>	Carbon Monoxide
<b>Output</b>	0-20 mA
