

US040

Product code: US040

Manufacturer: Pro-Wave Electronic Corp.

The US040015 is an ultrasonic sensor of asymmetrical beam patterns, approximates $\pm 80^\circ$ / 40° for horizontal/vertical, which mostly suits for car reversing aids.

Total angle at -6dB	85°
Dimension (mm)	16.2 \varnothing x 12.0
Working frequency	25.0 \pm 1KHz
Function	Transmitter
Housing	Aluminium
Type	Closed
