

KPDE150

Product code: KPDE150

Manufacturer: Kyosemi Corporation

Features:

- Large sensitive area
- Low voltage operation
- Custom designed large area photodiodes is also available

Applications:

- Laser power monitor
- Laser diode and LED aging equipment
- Near infrared sensing system
- Power meters

Package	TO-18, hermetic seal
Responsivity (mA/W) @λ(nm)	1.0 @ 1550
Sensitive Area ($\mu\text{m}\phi$)	1500
Sensitive Wavelength (nm)	900 - 1700
Typology	InGaAs NIR Photodiodes
