

## **BICM ±15 VDC**

**Product code:** BICM15

**Manufacturer:** Solartron

The BICM provides a simple low cost in line conditioning unit. Is designed for when the sensor is in a harsh environment, as the BICM can be connected up to 10 m from the sensor.

<b>Bandwidth (Hz)</b>	250
<b>Sensor connection</b>	Direct wire welding
<b>Output current</b>	Greater then $\pm 20$ mA in $150 \Omega$ of charge
<b>IP Index</b>	40/67
<b>Operating temperature</b>	From 0 to $+70$ °C
<b>Supply voltage</b>	$\pm 15$ VDC
<b>Output voltage</b>	Greater then of $\pm 10$ V
