

MD2,5

Product code: MD2,5

Manufacturer: Solartron

The small case diameter (6 mm and 8 mm) allows for easy installation in confined spaces. A right angle output facility is available as a retrofit for the 8 mm version.

The low core weight makes this range ideal for use in low inertia systems. Cross talk is prevented by the screened cable, which also allows for multiple use of these transducers in close proximity.

This series provides a lot of advantages:

- Small diameter;
- Right angle outlet available;
- Low core weight;
- Uses screened cable;
