

KPC8-T

Product code: KPC8-T

Manufacturer: Kyosemi Corporation

Features:

- Conversion of 1300-1500nm laser light into electrical power
- Up to 3V-20mA output
- Single mode fiber pigtailed
- Complete electrical isolation

Applications:

- Remote powered equipment
- Electro-magnetic sensitive antenna

Typology

Thermoelectrically Cooled InGaAs-InAs Photodiodes
