KR1201

Product code: KR1201
Manufacturer: Shinkoh electronics

Model KR1201 have a LED and a Photo transistor reflection.

Feature

- FeaturePaper dust proof with Cylindrical lens.
- Available for detection of dark paper/OHP film.
- Custom model is available in: Light Current(Ic), Visible Light cut filter.
- Installed on PC board.

Application

- Scanning for Color-discrimination and Pattern.
- Mark sensor of OMR and OCR.
- Paper absence and Paper edge detection on Printer.
- Paper detection/Size detection in Copying machine and Facsimile.

Dust Proof	Yes
Gap	4mm
Mounting	PCB
Output	Analog output
Output Mode	Livello logico alto
Series	KR Series
Output type	Pull-up
