

KR1211

Product code: KR1211

Manufacturer: Shinkoh electronics

Model KR1211 series consist of Blue, Green , Red, Infra red or White LED and a Photo transistor reflection Photo sensor.

Feature

- Blue, Green, Red, Infra Red(IR),or White LED.

Application

- Scanning for Color-discrimination.
- Scanning for Bill Pattern.
- Object detection of Auto Vending Machine.

Dust Proof	Yes
Gap	4.5mm
Mounting	PCB
Output	Analog output
Output Mode	Livello logico alto
Series	KR Series
Output type	Pull-up
