

## KL443

**Product code:** KL443

**Manufacturer:** Shinkoh electronics

Model KL443 is an Infra Red Light Emitting Diode mounted in TO-18 type header with lens can

Feature:

- High power Infra red LED  $\lambda_p$ :660nm.
- TO-18 package.

Application:

- LED Light source for Photo sensor.
- LED Light source for Photoelectric sensor.
- LED light source for Bill validator.

<b>Mounting</b>	TO-18 Stem & Lens can
<b>Output</b>	Photo Diode
<b>Output Mode</b>	Livello logico alto
<b>Paeak</b>	660nm
<b>Series</b>	KL Series
<b>Output type</b>	Pull-up
