

## SI200P/10/S

**Product code:** SI200P/10/S

**Manufacturer:** Solartron

Orbit® ACS is a specific range of products which integrate contact and non contact linear measurement transducers with an electronic module that includes an integral display. These products are excellent for a small number of measuring points, are stand alone (i.e. do not require PSIMS or Orbit® Controllers) and have an integral Modbus and ASCII interface for a more flexible I/O.

SI100 and SI400 versions are available.

<b>Accuracy</b>	0.15% of the reading
<b>Body diameter</b>	8H6
<b>Measurement range</b>	10 mm
<b>Repeatability (um)</b>	0,15
<b>Resolution (um)</b>	<0,05
<b>Typology</b>	Axial cable spring push
