## SI200PR/20/P

**Product code:** SI200PR/20/P **Manufacturer:** Solartron

Orbit® ACS is a specific range of products which integrate contact and non contact linear measurement transducers with an electronic module that includes an integral display. These products are excellent for a small number of measuring points, are stand alone (i.e. do not require PSIMS or Orbit® Controllers) and have an integral Modbus and ASCII interface for a more flexible I/O.

SI100 and SI400 versions are available.

Measurement range

20 mm
