

## Orbit LT

**Product code:** LT

**Manufacturer:** Solartron

Compact laser triangulation unit, 10mm measurement range with 45mm offset, teachable settings for different surfaces, 0.1% F.S. accuracy, 2um repeatability, 1um resolution.

Widest range of available outputs: Modbus, RS232 or RS485 Serial, USB, Ethernet TCP, Discrete NPN, PNP & Logic.

<b>Accuracy</b>	0.1% FS
<b>Measurement range</b>	10 mm
<b>Resolution</b>	1µm
