

Orbit LT

Product code: LT

Manufacturer: Solartron

Compact laser triangulation unit, 10mm measurement range with 45mm offset, teachable settings for different surfaces, 0.1% F.S. accuracy, 2um repeatability, 1um resolution.

Widest range of available outputs: Modbus, RS232 or RS485 Serial, USB, Ethernet TCP, Discrete NPN, PNP & Logic.

Accuracy	0.1% FS
Measurement range	10 mm
Resolution	1µm
