

DK10/25

Product code: DK10/25

Manufacturer: Magnescale

Magnetic linear encoder with measuring range 10mm and 25mm, 0.5 μ m as maximum resolution and A/B phase output type. The encoder has 20mm body diameter and 6mm for the shaft.

Accuracy	2 μ
Power Supply	5 VDC \pm 5%
Energetic consumption	1W
IP Index	IP64
Measurement range	10mm/25mm
Maximum resolution	0.5 μ m
