

DK50/100

Product code: DK50/100

Manufacturer: Magnescale

Magnetic linear encoder with measuring range 50mm and 100mm, 0.5 μ m as maximum resolution and A/B phase output type. The encoder has 20mm body diameter and 8mm (for 10mm stroke) or 6mm (for 50mm stroke) for the shaft.

Accuracy	2 μ (50mm) 4 μ (100mm)
Power Supply	5 VDC \pm 5%
Energetic consumption	1W
IP Index	IP64
Measurement range	50mm/100mm
Maximum resolution	0.5 μ m
