

TPA-xxINOX

Product code: TPA-xxINOX

Manufacturer: Tecnosens SpA

Mediacompatible absolute pressure sensor.

Thanks to the stainless steel AISI316L housing, the sensor is suitable to be used in the food/beverage market field.

The sensor is available in different range of measure, from 0 to 5...50 bar absolute.

The output is ratiometric and the pressure connector is M10X1.25

Accuracy	+/- 1.2% FS
Measurement range	5 MPa
Supply voltage	5.0 Vdc
