

KR5015

Product code: KR5015

Manufacturer: Shinkoh electronics

Model KR5015 is a high resolution photo reflector consisted of a white LED and a aRGB color sensor.

Features:

- RGB 3ch Analog voltage output.
- Small detecting spot light type ($\varnothing 2\text{mm}$ @ $d=6\text{mm}$, multi direction detectable).
- IR cut filter on detector.

Application:

- Mark sensor of OMR and OCR.

Dust Proof	Yes
Mounting	Connector
Output	Analog output
Series	KR Series
