

GYRHP-MRA

Product code: GYRHP-MRA

Manufacturer: Santest

GYRHP-MRA is different from conventional GY series. Achieved pressure-resistance is 70MPa (rod) by redesign in head and rod part. Standard of protection grade is IP67, but you can select water-proof type (IP68) or cable conduit type (IP69K) as option. It is all-in-one and its output is voltage or current. With the captive software (GPM), zero and gain adjustment is possible.
