

TPR-xx

Product code: TPR-xx

Manufacturer: Tecnosens SpA

Relative pressure sensor suitable for coffee machines. Ratiometric output signal digitally calibrated, compensated and amplified. Electronic fully integrated in the device

- Pressure range: typically 0 - 4 bar
- Output signal: typically 0.5 - 2.5 Volt
- Connector: 3-pole, Rast 2.5 mm, Lumberg 3521-03-K39 or equivalent 3 poli, Rast 2.5 mm, Lumberg 3521-03-K39 o equivalent
- Housing material: glass fiber reinforced plastic

Accuracy	+/- 2.0% FS
Measurement range	400 kPa
Supply voltage	5.0 Vdc
