

FCB-EW9500H

Product code: FCB-EW9500H

Manufacturer: Sony

A new color camera block that achieves higher visibility by adopting new lens, image sensor, and ISP by Japanese manufacturer. Experience 30x enhanced optical zoom in a compact size even with the larger 1/1.8 sensor. The camera can be used in a wide variety of scenes, including environments with harsh conditions, in particular the new super image stabilizer has greatly improved blur suppression compared to conventional models. 4M model (HDMI output)
