

AL40DB-001KW-x

Product code: AL40DB-001KW-x

Manufacturer: Fujikura Ltd.

Piezoresistive pressure sensor, compensated and calibrated. Developed for measurement of low pressure ranges.

The AL family is characterized by:

- Digital output
- Low power consumption
- High accuracy
- SMD

| | |
|--------------------------|-------------|
| Accuracy | +/- 1.5% FS |
| Temperature compensation | -5 / +65°C |
| Pressure port length | 5.15 mm |
| Mounting | SMD |
| Pin orientation | Opposite |
| Pressure port | Vertical |
| Measurement range | -1 / +1 kPa |
