

Alpha 7R III

Product code: ILCE-7RM3

Manufacturer: Sony

Alpha 7R III camera with a 35mm, 42.4 MP full-frame image sensor offers 5-axis image stabilisation with 5.5-stop exposure advantage. Optimised AF6 and Eye AF6 tracking performance, approximately twice the speed of AF14 and continuous shooting at up to 10 fps enable continuous shooting even at high speeds.

The rugged and compact body offers greater flexibility and mobility.

In addition to the ability to shoot professional 4K video, the model features 5K (15 MP) oversampling in Super 35 mm format.

Lens mount	E mount
Effective Pixels	12,1 Megapixel
Image sensor	CMOS Exmor full-frame 35 mm (35,6 × 23,8 mm)
