

EDI080111NGDC

Product code: EDI080111NGDC

Manufacturer: Edinburgh Sensors

Guardian NG is a stand-alone analyzer, with infrared sensor technology. It is easy to install and require minimum set up. It has a LCD display integrated and digital alarm set-point controls.

The Guardian is housed in a robust plastic IP54 rated enclosure to prevent the ingress of particulates and water.

Power Supply	24V DC (18-30 V DC)
Measurement range	0-1%
Target Gas	Carbon dioxide
Output	4-20 mA 0-20 mA
