

EDI080120NGDC

Product code: EDI080120NGDC

Manufacturer: Edinburgh Sensors

Guardian NG is a stand-alone analyzer, with infrared sensor technology.

It is easy to install and require minimum set up. It has a LCD display integrated and digital alarm set-point controls.

The Guardian is housed in a robust plastic IP54 rated enclosure to prevent the ingress of particulates and water.

The version EDI080109NG has range 0-3%

Available also with power supply 24V DC (18-36 V DC) (code DC at the end)

Power Supply	from 90 to 260 VAC
Measurement range	0-3%
Target Gas	Carbon dioxide
Output	4-20 mA 0-20 mA
