

# EDI080125NGDC

**Product code:** EDI080125NGDC

**Manufacturer:** Edinburgh Sensors

Guardian NG is a stand-alone analyzer, with infrared sensor technology.

It is easy to install and require minimum set up. It has a LCD display integrated and digital alarm set-point controls.

The Guardian is housed in a robust plastic IP54 rated enclosure to prevent the ingress of particulates and water.

The version EDI080125NGDC has range 0-100%

Available also with power supply 24V DC (18-36 V DC) (code DC at the end)

<b>Power Supply</b>	24V DC (18-30 V DC)
<b>Measurement range</b>	0-100%
<b>Target Gas</b>	Carbon dioxide
<b>Output</b>	4-20 mA 0-20 mA
