

EDI080301NGDC

Product code: EDI080301NGDC

Manufacturer: Edinburgh Sensors

Guardian NG is a stand-alone analyzer, with infrared sensor technology.

It is easy to install and require minimum set up. It has a LCD display integrated and digital alarm set-point controls.

The Guardian is housed in a robust plastic IP54 rated enclosure to prevent the ingress of particulates and water.

The version EDI080303NGDC has range 0-1%

Power Supply	24V DC (7-30V)
Measurement range	0-1%
Target Gas	Methane
Output	0-20 mA 4-20 mA
