

EDI080304NGDC

Product code: EDI080304NGDC

Manufacturer: Edinburgh Sensors

Guardian NG is a stand-alone analyzer, with infrared sensor technology.

It is easy to install and require minimum set up. It has a LCD display integrated and digital alarm set-point controls.

The Guardian is housed in a robust plastic IP54 rated enclosure to prevent the ingress of particulates and water.

The version EDI080304NGDC has range 0-100%

Power Supply	da 90 a 260 VAC
Measurement range	0-100%
Target Gas	Methane
Output	4-20 mA 0-20 mA
