

GUA-S12SD

Codice prodotto: GUA-S12SD

Produttore: Genicom Co., Ltd.

Features: Gallium Nitride Based Material, Schottky-type Photodiode, Photovoltaic Mode Operation, Good Visible Blindness, High Responsivity & Low Dark Current.

Application: UV-B Lamp Monitoring, UV Index monitoring.

Lunghezza d'onda	240-370 nm
Output	Corrente
Package	SMD 3528
Tipologia	GaN Photodiodes
