

GUVA-T21GD-U

Codice prodotto: GUVA-T21GD-U

Produttore: Genicom Co., Ltd.

Features: Gallium Nitride Based Material, Schottky-type Photodiode, Photovoltaic Mode Operation, Good Visible Blindness, High Responsivity & Low Dark Current.

Application: Full UV Band Monitoring, UV-A Lamp Monitoring.

|-------------------------|-----------------|
| Lunghezza d'onda | 220-370 nm |
| Output | Corrente |
| Package | TO-39 |
| Tipologia | GaN Photodiodes |
